Attached is a town plan of Lepaya, amended to January 1953. Key to plan follows.

1. Naval training school for naval radio operators. After completing the course, students attain the rank of corporal.
2. Auto repair workshops where civilian motor vehicles are repaired, including major overhauls.
3. Bakery, exclusively for the army.
4. Transformer station. Power comes from the power station (see 16 below) at 3,000 v. A.C. and is transformed to 420 v. D.C. by one mercury arc rectifier. This current is used exclusively by Lepaya streetcars.
5. Bakery for the civilian population of the town; also supplements the army bakery (3 above).
6. Teachers' seminary.
7. Streetcar depot.
8. School building.
9. Fire station.
10. Militia station and office where military registration cards are registered for residents in New Lepaya.
11. Flour warehouse, where flour for Lepaya and the surrounding area is stored.
12. Railroad men's hospital.
